

3. Business Credit Cards

Utilize Credit Cards to Build Credit:

- Take out a business credit card, use half of the credit limit, then pay it off to build a perfect business credit score.

Recommended for Beginners:

1. Pilot Fuel Card: Suitable for businesses starting with decent personal credit.
 2. Capital One Spark Classic for Business: Ideal for average credit scores.
 3. Chase Ink Business Cash: Offers rewards suitable for small businesses.
 4. American Express Blue Business Cash Card: Provides cash back and is accessible for small businesses.
- Application Tips: Ensure your business meets the eligibility criteria and be mindful of your credit score. Always review terms and fees associated with the credit card before making a decision.
