

Cost of **COLLEGE**

AGES 16+

2-3 HOURS

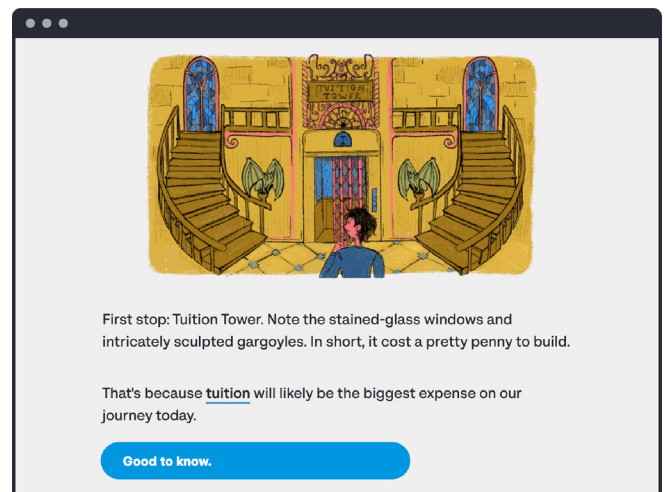

Help students further their education. So many costs are linked to post-high school education—students have to worry about textbooks, rent, meal plans, fees, and much more. The Cost of College Course breaks down the cost of attendance for over 8,000 universities, colleges, and trade schools by using an interactive storyline and an approachable virtual guide.

TEACHING POINTS

- Create an expense list associated with one year at their chosen school.
- Research different education paths.
- Understand federal aid and scholarships.

SIGNING UP

Thanks to the support of local banks and credit unions, all Banzai Courses are provided to teachers with additional printed and downloadable content for **FREE**. Go to **teachbanzai.com** to get started.

Need More **COURSES?**
